

THE NEXT GENERATION

Mahindra PIKUP

The Next Generation Mahindra Pik Up has been designed to be strong and practical, with all the power you need to get the job done. Built in India to withstand the harsh conditions of the subcontinent it delivers strength and tenacity, with reliability you can depend on. A large load box with a maximum payload of 1200 kg¹, and a braked towing capacity of 2500 kg make it the hard working, dependable team player you've always wanted. All this comes with a contemporary new look that includes a restyled signature Mahindra front grille with chrome inserts, dual projector headlamps, an integrated air-scoop in the bonnet, and tough new wrap-around bumpers.

The Next Generation Mahindra Pik Up is powered by Mahindra's legendary 2.2 litre, 4-cylinder mHawk turbo-diesel engine. The new six-speed transmission delivers an impressive 103kW of power and 320Nm of torque, providing effortless acceleration and all the muscle you could ever need. The updated engineering is more fuel efficient too, and low on CO2 emissions - a hallmark of Mahindra's cutting-edge technology.

The Pik Up's Mechanical Locking Differential (MLD) is manufactured by the world renowned Eaton Corporation with its 'shift-on-the-fly' functionality further enhancing its off-road capabilities. It provides full axle lock automatically when needed without any manual intervention, providing the optimum traction for your situation.

¹ - Payload: 4X2 = 1195 kg, 4X4 = 1095 kg.

THE HARDEST WORKER YOU'LL EVER HAVE ON YOUR TEAM.

just so

strong.

01 - The legendary mHawk turbo-diesel engine.

02 - Dual projector headlamps.

03 - The integrated bonnet scoop and restyled signature grille.

04 - The six-speed gearbox provides ample power whenever you need it.

05 - Tough new road-armour bumpers.

06 - The factory-fitted audio system features USB and auxiliary.²

07 - The cab is well ventilated with heater and fan³ or manual air-conditioner.²

08 - A 12V charging point is mounted on the centre console.

09 - Dual airbags for driver and passenger.²

² - Features standard on S6 only. ³ - Standard on S4 only.

EVERYTHING YOU NEED: IN PLACE

The Next Generation Mahindra Pik Up has all that you will need in terms of comfort. Standard features include power steering, central locking² and a USB port. There is also a manual air conditioner² to help you keep your cool when things get hot. Other advances include the introduction of Micro-hybrid technology that enables the engine to intelligently switch into standby mode when not in use, saving both on fuel and the environment.

On the performance front, new Cushion Suspension and Anti-Roll Technology provide unparalleled stability and road holding, while ABS (anti-lock braking system)² with EBD (electronic brake distribution)² will keep you in control in hazardous situations.

Additional safety aspects of the Pik Up include dual front airbags and side impact protectionbars. The engine immobiliser includes an encrypted key recognition system that will reject any foreign key accessing the vehicle. This is further supported by the anti-theft warning system to protect against illegal entry.

 ABS with EBD will keep you in control when you think you're losing control

² - Features standard on S6 only.

A comprehensive range of high quality accessories is available to enhance your vehicle - providing you with all that you could possibly need to go where you want to go and do what you need to do. Ask your dealer for more details.

10 - Towbar.

11 - Replacement side step.

12 - Front wrap-around bumper.

13 - Roll-bar with laser-cut logo detail.
